

School Accountability Report Card Reported Using Data from the 2020–2021 School Year

California Department of Education

For Greenacre Homes & School - Atkinson

Address: 7590 Atkinson Road, Sebastopol, CA **Phone:** 707-829-1366

Principal: Rich Aguirre

Grade Span: 1 - 12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Table 3: School Description and Mission Statement (School Year 2021–2022)

The school program is consistent and complimentary to the residential program catalyzing the clients' transition into a less restrictive placement and a greater overall independent level of functioning. Dysfunctional behavior more than any other factor prevents integration of students into a less restrictive setting; thus, it is a prime focus for the school program. The school provides a solid consistent, and predictable structured setting supported by a strong behavior modification program employing a point system, privilege program, and a realistic student store. A major portion of each day is dedicated to raising the reading, writing, and arithmetic skills of the clients. Development of these basic skills eases students' transition into public school classrooms. There are a number of enrichment classes during the school week focusing on natural sciences, history, current events, physical fitness, and the arts. The academic program also includes regular practicing of speech and language exercises designed by our Speech and Language Pathologist. We create a therapeutic milieu focusing on relationships, development, and care. Also, our school specializes in vocational training (5 job sites in the community), and our licensed therapists provide individual, group, and family counseling, and weekly social skills classes. Additional professionals include an Occupational Therapist and a Psychiatrist overseeing medication.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Table 6: Teacher Preparation and Placement (School Year 2019–2020)

Authorization/Assignment	School Number	School Percent	District Number	District Percent	State Number	State Percent
Fully (Preliminary or Clear) Credentialed for Subject and Student Placement (properly assigned)	1	33.3	5	100	N/A	N/A
Intern Credential Holders Properly Assigned	2	66.7	0	0	N/A	N/A

Unknown	0	0	0	0	0	0
Total Teaching Positions	3	N/A	5	N/A	N/A	N/A

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned to based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **SARC Reporting in the 2020–2021 School Year Only**

Where the most viable option, LEAs were required to administer the statewide summative assessments for ELA and mathematics. Where a statewide summative assessment was not the most viable option for the LEA (or for one or more grade-level[s] within the LEA) due to the pandemic, LEAs were allowed to report results from a different assessment that met the criteria established by the State Board of Education (SBE) on March 16, 2021. The assessments were required to be:

 - Aligned with CA CCSS for ELA and mathematics;
 - Available to students in grades 3 through 8, and grade 11; and
 - Uniformly administered across a grade, grade span, school, or district to all eligible students.
 - **Options:** Note that the CAAs could only be administered in-person following health and safety requirements. If it was not viable for the LEA to administer the CAAs in person with health and safety guidelines in place, the LEA was directed to not administer the tests. There were no other assessment options available for the CAAs. Schools administered the Smarter Balanced Summative Assessments for ELA and mathematics, other assessments that meet the SBE criteria, or a combination of both, and they could only choose one of the following:
 - Smarter Balanced ELA and mathematics summative assessments;

- Other assessments meeting the SBE criteria; or
- Combination of Smarter Balanced ELA and mathematics summative assessments and other assessments.
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Table 14: CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven taking and completing a state-administered assessment

Subject	School 2019– 2020	School 2020– 2021	District 2019– 2020	District 2020– 2021	State 2019– 2020	State 2020– 2021
English Language Arts/Literacy (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A
Mathematics (grades 3-8 and 11)	N/A	N/A	N/A	N/A	N/A	N/A

Note: The 2019–2020 data cells with N/A values indicate that the 2019–2020 data are not available due to the COVID-19 pandemic and resulting summative test suspension. The Executive Order N-30-20 was issued which waived the assessment, accountability, and reporting requirements for the 2019–2020 school year.

Note: The 2020–2021 data cells have N/A values because these data are not comparable to other year data due to the COVID-19 pandemic during the 2020–2021 school year. Where the CAASPP assessments in ELA and/or mathematics is not the most viable option, the LEAs were allowed to administer local assessments. Therefore, the 2020–2021 data between school years for the school, district, state are not an accurate comparison. As such, it is inappropriate to compare results of the 2020–2021 school year to other school years.

Table 21: Career Technical Education Programs (School Year 2020–2021)

Greenacre Homes has developed an exhaustive vocational education and career development program. Vocational Essentials include: student responsibility; community-based learning; team work; continuity with academics and work; community collaboration; and real-life experiences. Program Goals include: preparation for adult roles – self-sufficient wage earner; productive community citizen; lifelong learner and worker. Important Elements include: active participation in real life experiences; student centered programs; standards and accountability; complete team support and guidance - student, parent, teachers, community, home, and business. Students at Greenacre Homes experience the whole process of a acquiring and maintaining a job. The vocational instructor aides the students with: conducting job searches, filling out the job application, attaining a work permit when necessary, preparing for the interview, completing all paperwork and documentation, securing the position, arranging transportation, purchasing uniforms, getting identification cards, setting up bank accounts, and working at the job site. Currently, Greenacre Homes has six full-time staff and additional support staff overseeing the vocational program, and is in the process of hiring additional staff to ensure continuous improvement and success. Greenacre Homes provides vocational education and real-life career development with the following agencies:

1. Rite Aide in Sebastopol
2. CVS in Sebastopol
3. Rosa Market in Forestville
4. Redwood Empire Food Bank in Santa Rosa
5. Andy’s Market in Sebastopol
6. Greenacre Homes, Inc. - Agriculture and Maintenance
7. Sebastopol Cinemas

At the different job sites, Greenacre Homes provides vocational instructors to work closely with the students and the employers. Rite Aide, CVS, and Andy’s Market provides students the opportunity to work closely with the community. While stocking and facing shelves, students have continual contact with customers and fellow employees at the stores. At the Redwood Empire Food Bank, students review inventory, stock shelves, price and sell merchandise, and maintain the warehouse appearance. Students also work in various support service departments at Greenacre Homes. Students aide with inventory, purchasing, distribution, food preparation, and meals in the food service department. They also help with landscaping, construction, painting, building, and carpentry in the maintenance department. The Agriculture program includes: about 75 apple trees, a large garden, a greenhouse, and additional ground maintenance. Students learn about planting, growing, harvesting, and production of a variety of different plants, vegetables, and fruit.

Note: Due to the COVID-19 crisis, the Physical Fitness Test was suspended during the 2020–2021 school year and therefore no data are reported.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

Table 25: Opportunities for Parental Involvement (School Year 2021–2022)

Greenacre School communicates with the parents on a daily basis and will hold meetings when necessary or requested by the parents. Parents attend annual IEP meetings and are welcome to participate in annual events including: Graduation, Christmas and Holiday Party, Harvest Extravaganza, Halloween Party, Talent Shows, and other special events. During long-distance learning Greenacre School provided daily lunch and breakfast deliveries and weekly homework and participation incentive deliveries.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Table 29: Suspensions and Expulsions
(data collected between July through June, each full school year respectively)

Rate	School 2018– 2019	School 2020– 2021	District 2018– 2019	District 2020– 2021	State 2018– 2019	State 2020– 2021
Suspensions	4.2	0	9.7	8.2	3.5	3.4
Expulsions	0	0	0	0	0.1	0

Note: Data collected during the 2020–21 school year may not be comparable to earlier years of this collection due to differences in learning mode instruction in response to the COVID-19 pandemic.

Table 30: Suspensions and Expulsions for School Year 2019–2020 Only

Suspensions	5.1	13.3	2.5
Expulsions	0	0	0.1

Note: The 2019–2020 suspensions and expulsions rate data are not comparable to other year data because the 2019–2020 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019–2020 school year compared to other school years.

Table 32: School Safety Plan (School Year 2021–2022)

Health, Emergency and Fire Plan

Each class is supplied with an Emergency Care and Disaster Plan information sheet. This form is posted in a prominent place in the facility. The disaster plan form provides vital emergency information. Staff members should familiarize themselves with the location of the form and the information that it provides, such as emergency names and phone numbers: doctor, dentist, police, fire, poison control, crises hotline, where exits are located within the school, temporary relocation sites, utility shut off points, the location of smoke detectors, the location of the fire alarm and where to find fire extinguishers. The temporary relocation addresses provided are given in case some event occurs that renders the school uninhabitable or hazardous. School administrators will make the determination as to whether or not the school is hazardous. Obviously, in the event of fire, flood or explosion this would be the case and the students should be taken to the first facility that is listed.

Fire Plan

Each classroom has a hard-wired smoke detector system as well as a pull station fire alarm. These are not directly connected to the fire department. In the event of a fire, dial 911 or the fire department number listed on the Emergency Care and Disaster Plan. The procedure for fire drills is the same for each classroom. Staff members should remove themselves and the students from the classroom as quickly as possible. No one should stop to remove valuables or possessions. The only difference between classrooms would be the meeting place that is established. The meeting place is the basketball court all staff members and students should go in order to be accounted for. Once there, one staff member should be responsible for making a head count of students to insure everyone's safety.

Addendum

On July 14, 2021, the California State Board of Education (SBE) determined that the California Department of Education (CDE) will use the SARC Web Application as the mechanism to conduct a one-time data collection of the LEA-level aggregate test results of all school's local assessments administered during the 2020–2021 school year in order to meet the federal Every Students Succeeds Act (ESSA) reporting requirement for the Local Educational Agency Accountability Report Cards (LARCs).

Each local educational agency (LEA) is responsible for preparing and posting their annual LARC in accordance with the federal ESSA. As a courtesy, the CDE prepares and posts the LARCs on behalf of all LEAs.

Only for the 2020–2021 school year and the 2020–2021 LARCs, LEAs are required to report their aggregate local assessments test results at the LEA-level to the CDE by populating the tables below via the SARC Web Application. These data will be used to meet the LEAs' federal requirement for their LARCs. Note that it is the responsibility of the school and LEA to ensure that all student privacy and suppression rules are in place when reporting data in Tables 3 and 4 in the Addendum, as applicable.

The tables below are not part of the SBE approved 2020–2021 SARC template but rather are the mechanism by which these required data will be collected from LEAs.

For purposes of the LARC and the following tables, an LEA is defined as a school district, a county office of education, or a direct funded charter school.
