

School Accountability Report Card Reported Using Data from the 2024–25 School Year

California Department of Education

For Greenacre Homes & School-Atkinson

Address: 7590 Atkinson Rd

Phone: 707-829-1366

Principal: Jennifer Dalton-Warner

Grade Span: 1-12

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)

Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at <https://admission.universityofcalifornia.edu/>.

Admission Requirements for the California State University (CSU)

Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at <https://www2.calstate.edu/>.

Throughout this document the letters DPL refer to data provided by the LEA, and the letters DPC refer to data provided by the CDE.

Narrative provided by the LEA (DPL) – use this space to provide information about the school, its program, and its goals.

<p>The school program is consistent and complimentary to the residential program catalyzing the clients' transition into a less restrictive placement and a greater overall independent level of functioning. Dysfunctional behavior more than any other factor prevents integration of students into a less restrictive setting; thus, it is a prime focus for the school program. The school provides a solid consistent, and predictable structured setting supported by a strong behavior modification program employing a point system, privilege program, and a realistic student store. A major portion of each day is dedicated to raising the reading, writing, and arithmetic skills of the clients. Development of these basic skills eases students' transition into public school classrooms. There are a number of enrichment classes during the school week focusing on natural sciences, history, current events, physical fitness, and the arts. The academic program also includes regular practicing of speech and language exercises designed by our Speech and Language Pathologist. We create a therapeutic milieu focusing on relationships, development, and care. Also, our school specializes in vocational training (5 job sites in the community), and our licensed therapists provide individual, group, and family counseling, and weekly social skills classes. Additional professionals include an Occupational Therapist and a Psychiatrist overseeing medication.</p>

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes assessments for English language arts/literacy [ELA], mathematics, and science for students in the general education population and the California Alternate Assessment [CAA]. Only eligible students may participate in the administration of the CAA. CAA items are aligned with alternate achievement standards, which are linked with the Common Core Standards [CCSS] or California Next Generation Science Standards [CA NGSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAA for ELA** in grades three through eight and grade eleven.
 2. **Smarter Balanced Summative Assessments and CAA for mathematics** in grades three through eight and grade eleven.
 3. **California Science Test (CAST) and CAA for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- **College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessments and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e.,

achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Table 21: Career Technical Education (CTE) Programs (School Year 2024–25)

Narrative provided by the LEA (DPL) – use this space to provide information about Career Technical Education (CTE) programs as follows:

- A list of programs offered by the school district in which pupils at the school may participate and that are aligned to the model curriculum standards adopted pursuant to Education Code Section 51226; and
- A list of program sequences offered by the school district. The list should identify courses conducted by a regional occupational center or program, and those conducted directly by the school district; and
- A listing of the primary representative of the district’s CTE advisory committee and the industries represented on the committee.

Greenacre School has developed a comprehensive vocational education and transitional career development program. In our vocational training we teach students responsibility and collaborative teamwork through the use of real life and community based learning. Our goal is to prepare our students for their adult roles, including wage earner, productive community citizen, and lifelong learner. Our student-centered program incorporates learning through actual work experience such as landscaping, gardening, construction and food service. Our student workers achieve increasing standards of independence through higher expectations and accountability. Workers reach their goals with the support of an entire team including: parents, teachers, counselors, residential staff, and community employers. Highlights include:

- Extensive Variety of Work Opportunities
- Goal Directed Training
- Serving Students up to age 22
- Promote Independence and Teamwork Skills
- Social Interaction and Community Integration

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

Table 25: Opportunities for Parental Involvement (School Year 2025–26)

Narrative provided by the LEA (DPL) – use this space to provide information on how parents can become involved in school activities, including contact information pertaining to organized opportunities for parental involvement.

Greenacre School communicates with the parents daily and will hold meetings when necessary or requested by the parents. Parents attend annual IEP meetings and are welcome to participate in annual events including Graduation, Christmas and Holiday Party, Harvest Extravaganza, Halloween Party, Talent Shows, and other special events.

During long-distance learning Greenacre School provided daily lunch and breakfast deliveries and weekly homework and participation incentive deliveries.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates, and
- Chronic Absenteeism

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Table 31: School Safety Plan (School Year 2025–26)

Narrative provided by the LEA (DPL) – use this space to provide information about the school’s comprehensive safety plan, including the dates on which the safety plan was last annually reviewed, updated, and discussed with school faculty and a student representative, as well as a brief description of the key elements of the plan.

Health, Emergency and Fire Plan	
Each class is supplied with an Emergency Care and Disaster Plan information sheet. This form is posted in a prominent place in the facility. The disaster plan form provides vital emergency information. Staff members should familiarize themselves	

with the location of the form and the information that it provides, such as emergency names and phone numbers: doctor, dentist, police, fire, poison control, crises hotline, where exits are located within the school, temporary relocation sites, utility shut off points, the location of smoke detectors, the location of the fire alarm and where to find fire extinguishers. The temporary relocation addresses provided are given in case some event occurs that renders the school uninhabitable or hazardous. School administrators will make the determination as to whether or not the school is hazardous. Obviously, in the event of fire, flood or explosion this would be the case and the students should be taken to the first facility that is listed.

Fire Plan

Each classroom has a hard-wired smoke detector system as well as a pull station fire alarm. These are not directly connected to the fire department. In the event of a fire, dial 911 or the fire department number listed on the Emergency Care and Disaster Plan. The procedure for fire drills is the same for each classroom. Staff members should remove themselves and the students from the classroom as quickly as possible. No one should stop to remove valuables or possessions. The only difference between classrooms would be the meeting place that is established. The meeting place is the basketball court all staff members and students should go in order to be accounted for. Once there, one staff member should be responsible for making a head count of students to insure everyone's safety.

D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.
